### **Curriculum:**

A lot of changes are happening this year concerning curriculum: Cokesbury’s “Bible Quest” and “Exploring Faith” will no longer be available after Summer 2008. The elective courses: “Bookmarks” and “Push it!” will be available until the copies run out. “Toddlers and Two’s” curriculum will be continued. The PCUSA has made connections with the Logos ministry and its materials for Fall 2008.

If you or your Christian Education leadership were unable to attend the Pre-Presbytery event today, I would be happy to meet with people over the next few months. We still have several months to discuss curriculum before Fall 2008 is here.

### **REQUEST:**

The Resource Center is hoping for a donation of a 19 or 21 inch television in order to be able to resource children while they visit the center and also present DVD material to committees while they meet at the presbytery office. Is anyone interested????? Please contact Diane Frasher at the presbytery office on Mondays and Tuesdays (10:00 am – 3:00 pm).
