We will be posting the "presbytery meeting documents" on our www.riversidepresbytery.org website.

We will primarily rely on commissioners and pastors to go to our website, review the packet online, print any of the pages they need prior to the meetings, and bring those documents with them to the meetings.

- If you do not have internet access, find someone now who is willing to be your "packet partner" every other month.
- ***Beginning now through May 11th***, go to www.riversidepresbytery.org and click on "Documents" in the toolbar at the top of the home page.
- **Most documents will be posted on May 1st.**
- On the documents page you'll find the current presbytery packet for the upcoming meeting. Note that the documents are in Acrobat Reader format; there is a free link to the software if you need to download it. http://www.adobe.com/products/acrobat/readstep2_allversions.html
- Read the documents and print the pages to bring with you to the meeting.
 - If all else fails, a limited number of packets will be available at the meeting location 30 minutes prior to start of the meeting.

We thank you for your support and consideration in this effort. Please call Mario at (909) 881-1595 if you have any questions or email him at riversidepresbytery.info@verizon.net

When you register at the meeting, please be certain to pick up a manila folder of materials.

There will be information included that will be of interest to you and your church. Some of this info may not be given verbally; but all are important.

We look forward to seeing you at the Tuesday May 13th 2008 meeting.
